Welcome inside the Winder Police Department. This report details our agency's activities for the 2011 calendar year. We hope you find it interesting and insightful. It is our goal to be transparent so that our service population knows what we do, how we do it, and why we do it the way we do. We are honored to be public servants and we take our responsibilities seriously. Our duty to protect and serve the citizens and visitors to our city is one that none of us take for granted. We've dedicated our professional lives to public safety and we are proud to be Winder Police Officers.

The Winder Police Department is operating in a time where we experience many uncertainties and change. The forces of change our organization is facing are a culturally and linguistically diverse population, demographic shifts, more sophisticated criminal activity, evolving crime trends, emerging technologies, increasing service expectations and increasing criminal activity in the jurisdictions adjacent to us. We accept the changes and know that we must focus our attention to meet these challenges head on.

We enter 2012 with a commitment to continue to provide the high level of quality service that has always been associated with and expected from the City of Winder and its Police Department. We welcome your ideas, questions, comments, and/or concerns and invite you to contact any member of our Command Staff. Our numbers and e-mail addresses are as follows:

Chief Dennis L. Dorsey	678-425-6843	dennis.dorsey@cityofwinder.com
Lieutenant Rob Curott	678-425-6852	rob.curott@cityofwinder.com
Lieutenant John Blocker	678-425-6886	john.blocker@cityofwinder.com
Lieutenant Henry Schotter	678-425-6833	henry.schotter@cityofwinder.com

Again, we welcome the challenge of being the first line of defense for our service population and take pride in being public servants, public safety professionals, and most of all Winder Police Officers.

GOALS

Within most police departments you will find a set of goals, and The City of Winder Police Department is no different. Your goals can be described as a road map. As a Department we know where we want to go, and our goals remind us how we will get there.

We will need the support of the Mayor and City Council, every employee within the City of Winder, and most importantly the citizens of Winder. The goals we have highlighted are the same that will be presented in our 3 year strategic plan, which will be presented to the Mayor and Council in the near future.

GSIN offers training at each meeting and hosts two law enforcement training conferences annually.

GSIN was established in 1971 to assist agencies state wide with the collection, evaluation, preservation and dissemination of intelligence information concerning major and organized criminal activity in the State of Georgia. Members possess a common and continuing goal of developing information resulting in the apprehension of persons engaged in such criminal activities.

Citizens Police Academy

Firing Range
Day

Twice a year the Winder Police Department offers members of the community an opportunity to see how members of the Winder Police work and how the community can help in the prevention of crime through partnership with the Police Department. The academy offers classes that are hands-on and offer Ride A-Longs with the Officers on Patrol.

They also get to go to the firing range and complete the same firearms course that officers go through. The students are given helpful information on what to do if you suspect your child is abusing drugs, how to spot gang activity or gang members. Also tips to keep your family safe, what to do if you have been a victim of crime, how to keep your home and car safer from thieves, and what to do if you have witnessed a crime.

Winder Police Department's Child Restraint Promotion

In September of 2011 the Winder Police Department decided to emphasize the importance of seatbelt safety usage for children. On September 12, 2011 Mayor Chip Thompson signed a proclamation declaring September 18th through the 24th “Child Passenger Safety Week”. During this week Officers from the Winder Police Department handed out T-shirts to almost 250 children who were correctly restrained in vehicles that were stopped for a traffic infraction.

This effort was made possible thanks to support from community sponsors:

Training

A new sign designating the Winder Police Department's Firearms Training Complex was placed at the range.

It was named in honor of former Councilman Donald Duke.

Training

On July 7, 2011 the Winder Police Department assisted the Auburn Police Department with Taser Training. The Auburn Police Department asked for our assistance on the training of their Officers because they do not have a certified instructor on the Taser X26.

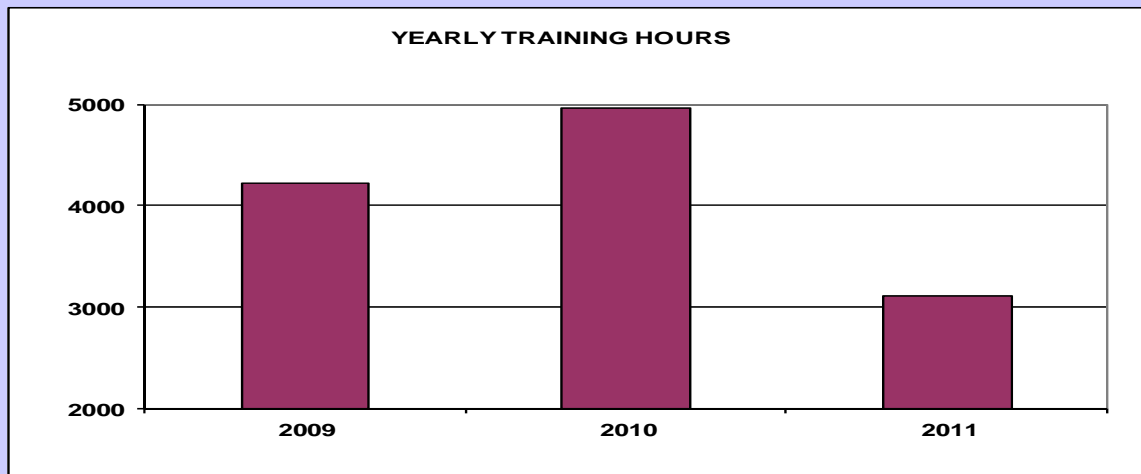

Lt. Rob Curott of the Winder Police Department is a Taser Certified Instructor . Lt. Curott conducted the class in the training room of the Winder Police Department for the Auburn Police Officers. During the training Officers learned the proper handling and use of the Taser device as well as proper handling of the spent probes to be used as further evidence and as a bio hazard. Officers also learned the science behind the Electronic Control Device, probe removal and first aid for the area affected as well as firing of the device.

Officers at the Winder Police Department go through annual refresher training to continue carrying the device as well.

Criminal Investigations

Major Case Investigation

On July 27, 2011 Officers of the Winder Police Department were asked to conduct a welfare check of a person who did not show up for work as scheduled, this being an unusual occurrence. Contact was not made at the residence of the individual. Family members received text messages from the person asking them to look after her children and that she was leaving her husband. Later in the day the person's vehicle was located by a family member in a parking lot, unattended.

Contact was made with the person's husband who agreed to meet with Officers at their residence. A walk through of the residence was conducted finding nothing out of the ordinary or anything that would suggest foul play. Interviews were conducted with several family members who voiced their concerns of the person's whereabouts, stating she would not go without having contact with her children, ranging in ages 7-15. It became known there was domestic violence history between her and her husband.

As the day turned into night it was decided to list the individual as a Missing Adult. The Winder Police Department's Criminal Investigations Division, along with, Officers of the Uniform Patrol Division, Crime Suppression Unit, Barrow County Sheriff's Office, and with the assistance of the Georgia Bureau of Investigations, conducted an extensive search for the missing person. Search warrants were executed on several properties.

In the next several days numerous interviews were continuously being conducted and all leads were being followed. Law Enforcement Officials worked endlessly and two days later on July 29, 2011 the missing person's body was located, bound, in a well. The individual's husband was criminally charged with Murder and is currently awaiting trial. The couple's four children are being raised by their Aunt and Uncle.
