Water Words

Put the letters in the right order
to spell some water words.

Count the raindrops in the box.
Draw a circle around the number that
tells how many drops are falling on the
flowers. Color the flowers.

Design a tee shirt about water.

You can't see it, but water is always moving in the air to form clouds. Then it falls back down as rain or snow.

Water can be ice, vapor, or liquid.
Can you find each kind?

The mountains have lots of snow that melts into water. Circle the three trees that are alike. Color the picture.

The oceans have salt water.
People cannot drink salt water.
Outline and color the animals
and fish that live in the ocean.

People use lots of water. Use the code to find where the water we use comes from.

וּמִן הַיָּם וְהַיַּם הַיָּם וְהַיָּם הַיָּם
 הַיָּם הַיָּם הַיָּם הַיָּם הַיָּם הַיָּם

Water moves from place to place under the ground. Find the right pipes to take the water from the tower to the fountain.

Use a pencil to connect the dots.
Draw yourself taking a drink of water.

We all need water.
So, use water wisely!
