

WATER-SAVING DEVICE

#01

THE ONLY WAY TO MAKE FEWER DEMANDS ON OUR WATER IS TO DEMAND A LITTLE MORE OF OURSELVES.

Every year our demand for water grows. Unfortunately our supply of water doesn't. Something's got to give, and it's got to be us. Fortunately it doesn't take much. Small changes in lifestyle can add up to huge water savings.

Sweep the driveway. Use a hose nozzle. Turn off the faucet while you brush your teeth. Three simple ways to save hundreds of gallons of water a month. And that's just for starters. Look around and you'll find dozens more.

**THERE ARE
A NUMBER
OF WAYS TO
SAVE WATER**

AND THEY ALL START WITH YOU.

**WATER
